

# Your Guide to The Next Chapter

## UNIFICATION OF UK BUSINESSES

Prolifics UK, Prolifics Testing, and Tier 2 Consulting are coming together under the Prolifics Global family. This consolidation allows us to offer more comprehensive services, accelerate project delivery, and bring continued innovation to your doorstep - all with the same trusted team you know. Growth of the organisation, career advancement and customer value enhancement are the key objectives.

### What this means for you:

#### What's staying the same:

- Your current contacts
- Our commitment to you
- Our values
- Friendly, expert teams
- Existing contracts and SLAs

#### What's improving:

- Access to more expertise
- Wider range of technology
- Delivery and scale of larger projects
- Unified support
- Streamlined project delivery

### Benefits to you:

Faster project turnaround

Increased stability and scale

Simplified procurement

Continued in-depth expertise

More technology services

## Same People. More Power. One Team.

We're aligning our operations, services, and teams under a single brand to serve our customers more efficiently. This move brings together the deep technical expertise, trusted client relationships, and innovative thinking that each of our teams are known for. By joining forces we're creating a stronger, smarter, and more scalable technology partner - with even more to offer our customers.
